PROFESSIONAL EXPERIENCE

Unacademy (India's largest EdTech Unicorn. Valuation: €3.1 Billion, 5k employees) — Bengaluru, India
Senior Category Manager — **Apr'23 - Dec'24**

- Owned the B2B SaaS acquisition roadmap across LinkedIn Ads, Google Ads, SEO and partner affiliates for enterprise L&D and HR buyers in the UK and EMEA, cutting cost per demo by 25% and growing organic enterprise traffic from buyers by 45%
- Designed and hosted a monthly webinar series for enterprise HR and L&D decision-makers to generate qualified demand, driving 500+ registrants per session and converting 15% of attendees into qualified sales opportunities for the sales team
- Managed strategic B2B accounts to 92% net revenue retention and 16% annual account revenue growth, and built adoption and retention playbooks for enterprise customers that cut early churn by 8% and supported a 40% rise in active enterprise accounts
- Negotiated €120M in annual partnership agreements across acquisition and distribution partners, structuring each commercial proposition around partner economics, customer value and retention, and tripled qualified partner leads within two quarters
- Used SQL, Tableau and Python-based predictive analytics to identify growth opportunities and forecast demand, translating findings into initiatives that increased paid conversion by 18% and customer growth by 40%
- Built AI agents to consolidate dashboard data and automate personalised daily KPI reports for associate through executive-level teams, tailoring performance insights to each level and reducing each person's reporting time by 18%
- Built 1–3 year growth strategies and financial forecasts by modelling demand, pricing, marketing spend and sales capacity, enabling leadership to prioritise investments that delivered 18% higher revenue and 15% better forecast accuracy
- Developed LTV and unit-economics frameworks incorporating CAC, contribution margin and revenue potential, reallocating investment towards high-value segments to increase LTV/CAC by 22% and improve customer retention by 13%

Category Manager — **Mar'22 - Mar'23**

- Negotiated and closed an €8M strategic partnership with Tata Consultancy Services, Unacademy's largest B2B partnership, by building data-backed business cases that supported the commercial negotiation and the structure of the deal
- Onboarded 15 institutional partners for content licensing and co-branded offerings, adding 3,000+ leads or corporate employees, and built B2B partner marketing and sales enablement resources across the US, UK and Europe that contributed to 27% of category revenue
- Partnered with Finance, Product, Marketing, Sales and Analytics to translate P&L targets into execution roadmaps, aligning 5+ cross-functional teams on investment priorities, KPIs and growth initiatives and reducing execution delays by 25%
- Led and mentored a team of 5+ analysts and category professionals, establishing performance reviews, experimentation frameworks and data-driven decision processes that improved team productivity by 20% and accelerated decision-making

Lido Learning (Series B funded EdTech Company. Valuation: €80 Million, 2k employees) — Bengaluru, India
Business Development Manager — **May'21 - Feb'22**

- Negotiated revenue-share agreements with education boards and offline institutes and closed multi-year partnerships with school groups and engineering institutions, generating €25M in first-year revenue for 10,000+ customers and lifting engagement by 20%
- Developed 15+ customer case studies and playbooks and managed go-to-market for a new platform, lifting lead conversion by 22% and activation by 25%
- Spearheaded competitive intelligence research tracking 12+ global and regional players, identifying signals in pricing, partnerships and product strategy that informed leadership reviews and new market entry decisions
- Conducted forward-looking analysis on digital upskilling demand, AI-driven learning and workforce trends across India and the Middle East, shaping leadership perspectives on long-term category expansion in the Middle East

Senior Business Development Associate — **Jan'21 - Apr'21**

- Collaborated with education influencers on lead-generation campaigns and launched a YouTube channel built on keyword research, increasing leads by 22% and reaching 10K subscribers in two months, then led the offline launch strategy for 30% higher store footfall
- Implemented a data-driven lead funnel framework and led a customer-centric pitch deck for higher average-order-value products, raising deal closure rates by 8% and lifting sales of those products by 20%

Amazon (Global technology and e-commerce company) — Singapore
Associate Product Marketing Manager — **May'19 - Dec'20**

- Led user research across 4 Southeast Asian markets translating insights into 5 user segments and 3 GTM recommendations that improved campaign relevance by 18%, and tested messaging for 3 personas to lift landing-page engagement 18%
- Supported GTM execution for a new Amazon product feature by coordinating with product, sales, legal and analytics teams, launching across 3 channels and reaching 500K+ users
